Airwave Network Connection Concession Certificate

The following equipment (hereafter referred to as the "Equipment") has been concession reviewed by the Airwave Network Reference System for connection to the Airwave network.

	Manufacturer/Customer:	Versions:	Review Date:	Certificate Issue Date:
Supplier and Equipment Information	3tc Software The Coach House Desford Hall Leicester Lane Desford Leicestershire LE9 9JJ	Product / System Designation: GD92 Gateway Software Version 19.18 OS Version: Windows Server 2022 Software Version: Modas Professional.exe: V 3.12.23.1 Modas Gateway.exe 3.12.23.1 Minimobs.exe 3.12.23.0 Mcadi Service ver 3.12.21.0 Certified and tested on platforms and with TETRA Terminals: Panasonic CF33 MK2 Windows 11 Panasonic C3F33 MK4 Windows 11 Motorola MTM800E MR5.13.1 Motorola MTM5400 MR2022.4 Other Information/Approvals The system has been tested and approved using PID 237 The system has been tested using TPN1 & AT Commands.	23 July 2025	25 July 2025

The Equipment was concession reviewed for connection to the Airwave Network Reference System configured as follows:

Airwave Network Software version: -	D9.2
Airwave/Customer Test Specification Title and Issue: -	Airwave Data Application Conformance Test Specification V4

The concession review conducted on the Equipment suggests that it will not adversely impact the Airwave Network (as configured in accordance with the above specifications) when connected and used. The review was limited to Conformance tests in accordance with the latest applicable specification and hence no specific functionality or performance of the product was considered unless specified below or in the test results.

Key Observation/Comments:

1. The initial Conformance testing was conducted on 22nd April 2025 on version 19.18 and this concession replaces the original certificate following changes to the software as defined in MODAS Professional Release Notes V3_12_23 v1.1 dated 23/07/2025
2. No further conformance testing has been carried out and this Concession Certificate has been issued purely on the assessment of the submitted documents and declaration by 3tc Software.
3. Key changes in the release – New Features including the addition of configuration and styling options, cop riders update page and crew filtering, MSI logo and map performance. Bug Fixes including incident subscription halt, Hyperlink support, poi icons
4. The Airwave certification/conformance excludes the configuration, testing, use of any "other" bearer other than Airwave Tetra, the use of any other bearer is therefore undertaken at the Suppliers/Customers Risk.
If dual bearers are utilised it will be the responsibility of the Customer and/or their Supplier, to prove beyond a reasonable doubt, that any additional bearers enablement or use is not attributing to any real, perceived degradation or loss of any Airwave managed service component or service.

Disclaimer:

1. This conformance certificate does not indicate any security approval with respects to the operation of this hardware / software on the Airwave network.
It is the responsibility of the supplier and their customer (whether Airwave Solutions Ltd or 3rd party customer) to ensure the Airwave Accreditor's security requirements have been met before this hardware / software is deployed on the Airwave operational network. If this solution is deployed within the customer's security domain then the customers Accreditor / senior officer responsible for security must give their approval in line with the Airwave Service Code of Connection.
2. The issuing of this Connection Certificate is for information purposes only and Airwave makes no warranty representation (express or implied) or guarantee whatsoever as to the fitness for purpose of the Equipment or its ability to operate correctly when connected to the Airwave Network or any other network or equipment. Your use of the Equipment, connection of the Equipment to the Airwave Network and reliance on the contents of this Connection Certificate (for whatever purpose) is at your sole risk. To the fullest extent permitted by law, Airwave shall not be liable for any loss or damage (whether due to negligence or otherwise) arising in relation to the Equipment, its connection to the Airwave Network or any other network and/or your reliance on the content of this Connection Certificate.
