

Network Connection Concession Certificate Airbus – CF-33 and MW810 R2 Hardware

The following equipment (hereafter referred to as the “Equipment”) has been reviewed by the Airwave Network Reference System for connection to the Airwave network.

	Manufacturer/Supplier:	Versions:	Review Date:	Certificate Issue Date:
Supplier and Equipment Information	Airbus – Defence and Space Partnership House Regent Farm Road Gosforth Newcastle upon Tyne NE3 3AF	Product / System Designation:- MDCGClient v7.4.2 ScGateway v7.5.4 VMDS certified and tested on platforms: Motorola MW810 Windows 7 Dell Latitude 12 Windows 7 ScResponse certified and tested on platforms: Panasonic CF-D1 Windows 10 Concession approval for platforms: Motorola MW810 R2 Windows 7/10 Panasonic CF-19 Windows 7/10 Panasonic CF-33 Windows 7/10 Panasonic FZ-G1 Windows 7/10 Panasonic CF-D1 Windows 7/10 Getac F110G3 Windows 7/10 Dell Latitude 12 Windows 10 Certified and Tested with TETRA Terminal Version: Motorola MTM800E version MR5.9.1 and MR5.13.1 Motorola MTH 800 as officer radios only	23 Mar 2018	26 Mar 2018

The Equipment was reviewed for connection to the Airwave Network Reference System configured as follows:

Airwave Network Software version: -	D8.2, D7.1.2, Centracom Q303
Airwave/Customer Test Specification Title and Issue: -	Airwave Data Application Conformance Test Specification V4

The concession review conducted on the Equipment suggests that it will not adversely impact the Airwave Network (as configured in accordance with the above specifications) when connected and used. The review was limited to Conformance tests in accordance with the latest applicable

specification and hence no specific functionality or performance of the product was considered unless specified below or in the test results.

Key Observation/Comments:

1. The initial conformance testing was conducted on 9/03/2017 on MDCGClient v7.3.2 and tested with VMDS v2.5.15 and ScResponse 2.3.0. The certificate was updated by concession on Oct 17 to cover ScGateway v7.5.4 Rel Note V2 12 October 2017 and Sc Response v2.4.4 Rel Note V1 6th October 2017
 2. This concession certificate extends the list of concession approved platforms to include Motorola MW810 R2/Windows 10 and Panasonic CF-33/Windows 7 and 10
 3. No further conformance testing has been carried out and this Concession Certificate has been issued purely on the assessment of the submitted documents and declaration by Airbus Defence and Space
 4. Key changes in this release of ScGateway – On Scene Message: new message type sent between ScGateway and ScResponse and two non Airwave impacting bug fixes.
 5. Key changes in this release of ScResponse – On Scene Message detail as above.
- Additional notes from previous testing:
6. During testing it was noted that the PEI disconnect and SDR failover scenarios cause a temporary comms freeze until a message is sent from the gateway server.
 7. The Dell Latitude 12 and Panasonic FZG1 MUST be 'software undocked' prior to removal from the cradle otherwise it will freeze and require rebooting

Disclaimer:

1. This conformance certificate does not indicate any security approval with respects to the operation of this hardware / software on the Airwave network.

It is the responsibility of the supplier and their customer (whether Airwave Solutions Ltd or 3rd party customer) to ensure the Airwave Accreditor's security requirements have been met before this hardware / software is deployed on the Airwave operational network. If this solution is deployed within the customer's security domain then the customers Accreditor / senior officer responsible for security must give their approval in line with the Airwave Service Code of Connection.

2. The issuing of this Connection Certificate is for information purposes only and Airwave makes no warranty representation (express or implied) or guarantee whatsoever as to the fitness for purpose of the product/system or its ability to operate correctly when connected to the Airwave Network or any other network or equipment. Your use of the product/system, connection of the product/system to the Airwave Network and reliance on the contents of this Connection Certificate (for whatever purpose) is at your sole risk. To the fullest extent permitted by law, Airwave shall not be liable for any loss or damage (whether due to negligence or otherwise) arising in relation to the product/system, its connection to the Airwave Network or any other network and/or your reliance on the content of this Connection Certificate.
