Network Connection Concession Certificate
Airbus ScResponse 2.1.0 and ScGateway 7.5.1

The following equipment (hereafter referred to as the "Equipment") has been reviewed by the Airwave Network Reference System for connection to the Airwave network.

	Manufacturer/Customer:	Versions:	Test Date:	Certificate Issue Date:
Supplier and Equipment Information	Airbus – Defence and Space Partnership House Regent Farm Road Gosforth Newcastle upon Tyne NE3 3AF	Product / System Designation:- ScResponse v2.2.0.1423 ScGateway v7.5.1 MDCG Client v7.3.1 Certified and Tested on platforms: Motorola MW810 R2 using Windows 7 Panasonic CF-D1, Panasonic FZG1 & Dell Latitude 12 using Windows 10 Concession approval for platforms: Motorola MW810 R1, Panasonic CFD1, Panasonic FZG1 & Panasonic CF19 using Windows 7 (with above noted clients only) Panasonic CF19 using Windows 10 (with above noted clients only) Certified and Tested with TETRA Terminal/s: Motorola MTM800E at MR5.13.1	5 Dec 2016	6 Dec 2016

The Equipment was reviewed for connection to the Airwave Network Reference System configured as follows:

Airwave Network Software version: -	D7.1.2
Airwave/Customer Test Specification Title and Issue: -	Airwave Data Application Conformance Test Specification V4

Version 1.0

The concession review conducted on the Equipment suggests that it will not adversely impact the Airwave Network (as configured in accordance with the above specifications) when connected and used. The review was limited to Conformance tests in accordance with the latest applicable specification and hence no specific functionality or performance of the product was considered unless specified below or in the test results.
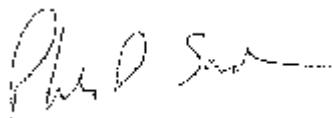

Key Observation/Comments:

1. The initial Conformance testing was conducted on ScResponse v2.1.0.1368, Sc Gateway v7.3.3 with MDCG Client v7.3.1 against the client/operating system combinations specified in the above table. This concession replaces the original certificate following changes to the software as defined in Airbus SC Response v2.2.0 Release Notes dated 24 October 2016, Issue 0.1 and Airbus SC Gateway v7.5.1 Release Notes dated 20 October 2016, Issue 0.1

2. No further conformance testing has been carried out and this Concession Certificate has been issued purely on the assessment of the submitted documents and declaration by Airbus

3. Key changes in the releas: – SC Response v2.2.0: - minor bug fixes and enhancements to the user interface; SC Gateway: - v7.5.1: device callsign sharing capability added.

4. On the Motorola MW810 R2, the ScReponse client does not re-connect on the first attempt following an MDT shutdown and restart. The client will re-connect at the second attempt. This has no impact on the Airwave network or radio interface.

Disclaimer:

1.   This conformance certificate does not indicate any security approval with respect to the operation of this hardware / software on the Airwave network.

It is the responsibility of the supplier and their customer (whether Airwave Solutions Ltd or 3rd party customer) to ensure the Airwave Accreditor's security requirements have been met before this hardware / software is deployed on the Airwave operational network. If this solution is deployed within the customer's security domain then the customers Accreditor / senior officer responsible for security must give their approval in line with the Airwave Service Code of Connection.

2.   The issuing of this Connection Certificate is for information purposes only and Airwave makes no warranty representation (express or implied) or guarantee whatsoever as to the fitness for purpose of the Equipment or its ability to operate correctly when connected to the Airwave Network or any other network or equipment. Your use of the Equipment, connection of the Equipment to the Airwave Network and reliance on the contents of this Connection Certificate (for whatever purpose) is at your sole risk. To the fullest extent permitted by law, Airwave shall not be liable for any loss or damage (whether due to negligence or otherwise) arising in relation to the Equipment, its connection to the Airwave Network or any other network and/or your reliance on the content of this Connection Certificate.
