

## Network Connection Certificate

The following equipment has been tested for connection to the Airwave network (the "Equipment").  
The Equipment has been tested on the Airwave Reference System Rugby.

	Manufacturer/Customer:	Versions:	Other relevant details:	Date(s) Certificate issued:
Supplier and Equipment Information	Airwave Solutions Ltd Airwave Centre Rugby Radio Station Building B, Hillmorton Rugby CV23 0AS.	<b>Product Designation:-</b> <b>OMNIGUARD SYSTEM</b>  <b>Software Version:</b> OmniGuard Client v 1.4.1.0 Omniguard Services v 1.4.1.0 Sepura SDA Gateway v 1.3.0.0 Tetra Gateway Services CADI Monitor v 5.10.1.3 CADI Server v 5.10.1.0 APDMMDB Service v 5.9.0.66 APDMS Controller v 5.10.1.0 RAQ Server v 5.10.1.1 SDRQWorker Service v 5.10.1.0 Tetra Gateway v 5.10.1.0 <b>Terminal Software Version:</b> Sepura SRH3500W 9.5.002	<b>Test Date:</b> 20 Jan 2010	<b>Issued:</b> 29 jan 2010

At the time the Equipment was tested the Airwave Network Reference System was configured as follows:

<b>Airwave interface Software version</b>	Airwave System was built to baseline R6.2 R4 SPU
---	--

The testing conducted on the Equipment suggests that it will not adversely impact the Airwave Network (as it had been configured in accordance with the above specifications). The testing was conducted to meet the requirements for Conformance and generic functionality in accordance with the specification.

*Date : 29 Jan 2010*

**Observation/Comments:**

1. Both Conformance Testing and Functionality Testing were completed based on Airwave Generic Conformance Test Specification and Omniguard Acceptance Test Specification Phase 1A document P0914D10/1B dated 09/10/09.
2. During the testing 3 observations were recorded which will be actioned in accordance observation tracking report and are covered in the APD Customer Release Note 1A 1.4.10.

**Disclaimer:**

1. This conformance certificate does not indicate any security approval with respects to the operation of this hardware / software on the Airwave network.

It is the responsibility of the supplier and their customer (whether Airwave Ltd or 3rd party customer) to ensure the Airwave Accreditor's security requirements have been met before this hardware / software is deployed on the Airwave operational network. If this solution is deployed within the customer's security domain then the customers Accreditor / Senior officer responsible for security must give their approval inline with the Airwave Service Code of Connection.

2. The issuing of this Connection Certificate is for information purposes only and Airwave makes no warranty or guarantee whatsoever as to the fitness for purpose of the Equipment or its ability to operate correctly when connected to the Airwave Network or any other network or equipment. Your use of the Equipment, connection of the Equipment to the Airwave Network and reliance on the contents of this Connection Certificate (for whatever purpose) is at your sole risk. Airwave shall not be liable for loss or damages of any kind (whether due to negligence or otherwise) arising in relation to the Equipment, its connection to the Airwave Network and/or your reliance on the content of this Connection Certificate.
