

## Network Concession Certificate

	Manufacturer/Customer:	Versions:	Other relevant details:	Date(s) Certificate issued:
Supplier and Equipment Information	<b>Fortek Computers Ltd</b> 1 Spring Garden Lane Gosport Hampshire England PO12 1HY	<b>Product Designation:-</b> GD-92/NT/Windows Fires ICCS – Version V22.19.2  <b>CCP Variant</b> GD92/NT 6.7.5.4  GD92/UNIX 10.11.07	Test Date:  Concession	Issued:  04/11/10

At the time the Equipment was originally tested the Airwave Network Reference System was configured as follows:

<b>Airwave interface Software version</b>	Airwave System was built to baseline R6.2 SSR SPU
---	---

The testing conducted on the Equipment suggests that it will not adversely impact the Airwave Network (as it had been configured in accordance with the above specifications). The testing was limited to application conformance in accordance with the latest specification and hence no specific functionality or performance of the product was exercised unless specified below or in the test results.

### Observation/Comments:

- Following technical review of the release provide by Fortek it is considered that the changes / fixes do not affect any Airwave interfaces and therefore the equipment has not been required to be retested at the Reference System.**

### Disclaimer:

- This conformance certificate does not indicate any security approval with respects to the operation of this hardware / software on the Airwave network.

It is the responsibility of the supplier and their customer (whether Airwave Ltd or 3rd party customer) to ensure the Airwave Accreditor's security requirements have been met before this hardware / software is deployed on the Airwave operational network. If this solution is deployed within the customer's security domain then the customers Accreditor / Senior officer responsible for security must give their approval inline with the Airwave Service Code of Connection.
