AIRWAVE

Network Connection Concession Certificate for Motorola ProCAD World Dispatch System For Firelink SAN G Solution

	Manufacturer/Customer:	Versions:	Other relevant details:	Date(s) Certificate issued:
Supplier and Equipment Information	**MOTOROLA SOLUTIONS UK LIMITED PO BOX 6769 Basingstoke Hampshire, RG24 4JJ**	**Product Designation:** Motorola ProCAD World R2.4.5 **Using TETRA terminals:** Motorola MTH800 versions MR5.9.1 and MR5.13.1. Motorola MTM800E versions MR5.9.1 and MR5.13.1	Reviewed Date: 02/10/2012	Issued: 29/10/2012

At the time the Equipment was originally reviewed the Airwave Network Reference System was configured as follows:

Airwave interface Software version	Airwave System was built to baseline R7.1.1 SPU

The review conducted on the Equipment suggests that it will not adversely impact the Airwave Network (as it had been configured in accordance with the above specifications). The rreview was limited to application conformance in accordance with the latest specification and hence no specific functionality, fixes or performance of the product was exercised unless specified below or in the test results.

Observation/Comments:

1. This concession has been issued following changes made to ProCAD R2.4.4 as declared by Motorola in the R2.4.5 Release notes Ver C on the 25 Sept 12.

2. The changes have been technically reviewed by Airwave and are considered to be non conformance impacting.

3. Airwave have not conducted any testing to confirm the bug fixes in this amended version of R2.4.4.

4. This certificate is only valid for use with the Firelink SAN G solution.

Date : 29 Oct 2012

5. Testing of the "Incident Talkgroup Management" feature was only performed using 3tc GD92 Gateway and Firelink MDT applications. No testing has been performed using the Strathclyde FRS MDT applications. However, the required mobilisation message format, as agreed between Motorola and Strathclyde FRS, has been verified.

Disclaimer:

1.   This conformance certificate does not indicate any security approval with respects to the operation of this hardware / software on the Airwave network.

It is the responsibility of the supplier and their customer (whether Airwave Ltd or 3rd party customer) to ensure the Airwave Accreditor's security requirements have been met before this hardware / software is deployed on the Airwave operational network. If this solution is deployed within the customer's security domain then the customers Accreditor / Senior officer responsible for security must give their approval inline with the Airwave Service Code of Connection.

2.   The issuing of this Connection Certificate is for information purposes only and Airwave makes no warranty or guarantee whatsoever as to the fitness for purpose of the Equipment or its ability to operate correctly when connected to the Airwave Network or any other network or equipment. Your use of the Equipment, connection of the Equipment to the Airwave Network and reliance on the contents of this Connection Certificate (for whatever purpose) is at your sole risk. Airwave shall not be liable for loss or damages of any kind (whether due to negligence or otherwise) arising in relation to the Equipment, its connection to the Airwave Network and/or your reliance on the content of this Connection Certificate.
