Network Connection Concession

The following equipment has been reviewed for concession and connection to the Airwave network (the "Equipment"). The Equipment has not been tested on the Airwave Reference System Rugby.

	Manufacturer/Customer:	Versions:	Other relevant details:	Date(s) Certificate issued:
Supplier and Equipment Information	Terrafix Limited Unit 23c, Newfield Ind Est, High Street Tunstall Stoke On Trent ST6 5PD	**Product Designation:-** Terrafix Tetra Base Application Tetra Comms v1.09.3 for TDM Tetra Comms v1.10 for Intreface to Capita TRSI v6. Comms Server v2.109.1.0 Messenger Alert v1.24 Pager Alert v1.22 Message Switch/Router v1.33 CAD SIM v1.01 **Using TETRA Terminals/Device** Tetra Data Messenger (Firware 1066)	Test Date: Concession	Issued: 5 April 13

At the time the Equipment concession was reviewed the Airwave Network Reference System was configured as follows:

Airwave interface Software version	Airwave System was built to baseline R7.1.2

The reviewed conducted on the Equipment suggests that it will not adversely impact the Airwave Network (as it had been configured in accordance with the above specifications). The review was limited to application conformance in accordance with the latest specification and hence no specific functionality or performance of the product was tested/exercised unless specified below or in the test results.

Observation/Comments:

1. The issue of this concession was solely based on documents evidence provided by Terrafix and assessment against latest Airwave Data Application Test Specification requirements.

2. The technical review was based on Terrafix's TRSI v6 FAT and TetraMessenger Test Spec provided on the 26 March 13.

Date : 5 April 13

Disclaimer:

1.   This conformance certificate does not indicate any security approval with respects to the operation of this hardware / software on the Airwave network.

It is the responsibility of the supplier and their customer (whether Airwave Ltd or 3rd party customer) to ensure the Airwave Accreditor's security requirements have been met before this hardware / software is deployed on the Airwave operational network. If this solution is deployed within the customer's security domain then the customers Accreditor / Senior officer responsible for security must give their approval inline with the Airwave Service Code of Connection.

2.   The issuing of this Connection Certificate is for information purposes only and Airwave makes no warranty or guarantee whatsoever as to the fitness for purpose of the Equipment or its ability to operate correctly when connected to the Airwave Network or any other network or equipment. Your use of the Equipment, connection of the Equipment to the Airwave Network and reliance on the contents of this Connection Certificate (for whatever purpose) is at your sole risk. Airwave shall not be liable for loss or damages of any kind (whether due to negligence or otherwise) arising in relation to the Equipment, its connection to the Airwave Network and/or your reliance on the content of this Connection Certificate.
