

Network Connection Certification For Sungard DS2000 Version B12.13X Issue 2

The following equipment has been tested for connection to the Airwave network (the "Equipment"). The Equipment has been tested on the Airwave Reference System Rugby.

	Manufacturer/Customer:	Versions:	Other relevant details:	Date(s) Certificate issued:
Supplier and Equipment Information	Sungard Public Sector Marshfield, Chippenham, Wiltshire SN14 8SR	Product Designation:- DS2000 B12.135.0.2 Build versions:- SDS Interface – SDSComponent Ver 12.135.0.2 CADI interface – MotCadiINTservice Ver 12.135.0.2 CCI Port Interface – MotRifINTService Ver 12.135.0.2	Test Date: 13 Jan 09 Document inspection	Issued: 13 Jan 09

At the time the Equipment was tested the Airwave Network Reference System was configured as follows:

Airwave interface Software version	Airwave System was built to baseline
Centracom Q303	R6.1 SSR SPU

The testing conducted on the Equipment suggests that it will not adversely impact the Airwave Network (as it had been configured in accordance with the above specifications). The testing was limited to terminal conformance in accordance with the latest specification and hence no specific data application functionality or performance of the product was exercised unless specified below or in the test results.

Date : 25 March 09

Notes/Observations:

1. This certificate was issued following a documentation review of component changes that have been made since the previous certification. No physical retesting was deemed necessary.

Disclaimer:

1. This conformance certificate does not indicate any security approval with respects to the operation of this hardware / software on the Airwave network.

It is the responsibility of the supplier and their customer (whether Airwave Ltd or 3rd party customer) to ensure the Airwave Accreditor's security requirements have been met before this hardware / software is deployed on the Airwave operational network. If this solution is deployed within the customer's security domain then the customers Accreditor / Senior officer responsible for security must give their approval inline with the Airwave Service Code of Connection.

2. The issuing of this Connection Certificate is for information purposes only and Airwave makes no warranty or guarantee whatsoever as to the fitness for purpose of the Equipment or its ability to operate correctly when connected to the Airwave Network or any other network or equipment. Your use of the Equipment, connection of the Equipment to the Airwave Network and reliance on the contents of this Connection Certificate (for whatever purpose) is at your sole risk. Airwave shall not be liable for loss or damages of any kind (whether due to negligence or otherwise) arising in relation to the Equipment, its connection to the Airwave Network and/or your reliance on the content of this Connection Certificate.
