Network Connection Certificate For Northgate SDS Calltouch Application & SDA

The following equipment has been tested for connection to the Airwave network (the "Equipment"). The Equipment has been tested on the Airwave Reference System Rugby.

	Manufacturer/Customer:	Versions:	Other relevant details:	Date(s) Certificate issued:
Supplier and Equipment Information	Northgate Information Solutions Ross House Kempston Way Suffolk Business Park Bury St Edmonds Suffolk IP32 7AR	Product Designation:- Calltouch SDS Application v2.53.11 with Sepura SDA Build versions:- Windows Server 2003 R2 32 bit and 2008 R2 64bit SDS Application v2.53.11 Sepura SRH 3800 v9.5 with SDA version 1.7 for West Midlands Police. Motorola MTH850 v5.13 using Kent FRS codeplug	Test Date: 4 Oct 12	Issued: 10 Oct 12

At the time the Equipment was tested the Airwave Network Reference System was configured as follows:

Airwave interface Software version Centracom Q303	Airwave System was built to baseline R7.1.1 SPU2

The testing conducted on the Equipment suggests that it will not adversely impact the Airwave Network (as it had been configured in accordance with the above specifications). The testing was limited to terminal conformance in accordance with the latest specification and hence no specific data application functionality or performance of the product was exercised unless specified below or in the test results.

Notes/Observations:

1. The testing was conducted against latest version of the Airwave Data Application Test Specification.

2. When an invalid date format was sent for Stop & Search using Sepura SDA the information data did not match the information at the server end. Northgate to investigate and will inform customers as necessary.

Date : 10 Oct 12

Disclaimer:

1.   This conformance certificate does not indicate any security approval with respects to the operation of this hardware / software on the Airwave network.

It is the responsibility of the supplier and their customer (whether Airwave Solutions Ltd or 3rd party customer) to ensure the Airwave Accreditor's security requirements have been met before this hardware / software is deployed on the Airwave operational network. If this solution is deployed within the customer's security domain then the customers Accreditor / Senior officer responsible for security must give their approval inline with the Airwave Service Code of Connection.

2.   The issuing of this Connection Certificate is for information purposes only and Airwave makes no warranty or guarantee whatsoever as to the fitness for purpose of the Equipment or its ability to operate correctly when connected to the Airwave Network or any other network or equipment. Your use of the Equipment, connection of the Equipment to the Airwave Network and reliance on the contents of this Connection Certificate (for whatever purpose) is at your sole risk. Airwave shall not be liable for loss or damages of any kind (whether due to negligence or otherwise) arising in relation to the Equipment, its connection to the Airwave Network and/or your reliance on the content of this Connection Certificate.
