

Network Connection Concession Certificate

The following equipment has been reviewed for Concession and for connection to the Airwave network (the "Equipment"). The Equipment has been assessed by the Airwave Reference System Rugby.

	Manufacturer	Equipment Versions	Test Date	Certificate Date	Certificate Expiry
Equipment Hardware	Oelmann	Tetra Messenger ¹ (With New Aerial Design)	29/01/2013	30/01/2013	29/07/2013
Equipment Software	Oelmann	Firmware 1066	29/01/2013	30/01/2013	29/07/2013

¹ The Oelmann Tetra Messenger incorporates The Motorola Tetra OEM (TOM) Radio Module with Motorola MR6.7.1 (R11.020.1062) Software. The TOM Module has been issued an individual Connection Certificate previously.

At the time the Equipment was assessed the Airwave Network Reference System was configured as follows:

Airwave Network Software Version	D6.2 / D7.1.1
Airwave Radio Test Spec. Version	Ver. 3.1c Concession

	Mandatory Tests	Optional Tests	Drive Test	Additional Tests (See Notes)
Test Results	(Concession)	(Concession)	N/A	N/A

The assessment for Concession conducted on the Equipment suggests that it will not adversely impact the Airwave Network (as it had been configured in accordance with the above specifications).

Notes/Observations:

On the award of this Concession Certificate, the Radio Frequency Performance has not been tested against the new aerial design. There are no other changes to features and functionalities declared at the time of Concession.

Disclaimer:

1. This conformance certificate does not indicate any security approval with respects to the operation of this hardware / software on the Airwave network.

It is the responsibility of the supplier and their customer (whether Airwave Ltd or 3rd party customer) to ensure the Airwave Accreditor's security requirements have been met before this hardware / software is deployed on the Airwave operational network. If this solution is deployed within the customer's security domain then the customers Accreditor / Senior officer responsible for security must give their approval inline with the Airwave Service Code of Connection.
