

Network Connection Certificate

The following equipment (hereafter referred to as the "Equipment") has been tested at the Airwave Network Reference System for connection to the Airwave network.

	Manufacturer/Customer:	Versions:	Test Date:	Certificate Issue Date:
Supplier and Equipment Information	Oelmann Elektronik GmbH Friedrich-Bähre-Straße 18 31832 Springe	Product / System Designation:- Oelmann Tetra Messenger Software Version: 1070EF Certified and Tested with TETRA Terminal Version: Motorola Tetra OEM Module (TOM) Software MR6.7.2 (part no. R11.020.1067) Other Information/Approvals The system has been tested and approved using PID's 130,138 & 240. The TOM Module is installed / integrated within the Tetra Messenger housing.	25 Mar 2014	18 Jul 2014

At the time the Equipment was tested the Airwave Network Reference System was configured as follows:

Airwave Network Software version: -	Dimetra R7.1.2
Airwave/Customer Test Specification Title and Issue: -	Airwave Radio Test Spec Version 4.0 (incl. OTAR, C-SCCH & eTetra) – Sub Set Used.

	Mandatory Tests	Optional Tests	Drive Test	Additional Tests (See Notes)
Test Results	Pass	Pass	N/A	N/A

The testing conducted on the Equipment suggests that it will not adversely impact the Airwave Network when connected and used (as it had been configured and tested during certification in accordance with the above specifications). Test scope was limited to conformance tests in accordance with the latest applicable specification and hence no specific functionality or performance of the product was tested unless specified below or in the test results.

Key Observation/Comments:

1. The Tetra Messenger can receive 1000 Character Messages using either PID 138 or 240.
2. The Tetra Messenger can only send SDS messages of maximum length 32 Characters.

Disclaimer:

1. This conformance certificate does not indicate any security approval with respects to the operation of this hardware / software on the Airwave network.

It is the responsibility of the supplier and their customer (whether Airwave Solutions Ltd or 3rd party customer) to ensure the Airwave Accreditor's security requirements have been met before this hardware / software is deployed on the Airwave operational network. If this solution is deployed within the customer's security domain then the customers Accreditor / senior officer responsible for security must give their approval inline with the Airwave Service Code of Connection.

2. The issuing of this Connection Certificate is for information purposes only and Airwave makes no warranty representation (express or implied) or guarantee whatsoever as to the fitness for purpose of the Equipment or its ability to operate correctly when connected to the Airwave Network or any other network or equipment. Your use of the Equipment, connection of the Equipment to the Airwave Network and reliance on the contents of this Connection Certificate (for whatever purpose) is at your sole risk. To the fullest extent permitted by law, Airwave shall not be liable for any loss or damage (whether due to negligence or otherwise) arising in relation to the Equipment, its connection to the Airwave Network or any other network and/or your reliance on the content of this Connection Certificate.
