Airwave Network Connection Concession Certificate for MCC7500 DCS

The following equipment (hereafter referred to as the "Equipment") has been reviewed by the Airwave Network Reference System for connection to the Airwave network.

	Manufacturer/Customer:	Versions:	Review Date:	Certificate Issue Date:
Supplier and Equipment Information	SAAB Technologies UK. 1st Floor, Building C, @ The Dock, 32-38 Queen Street Hull, HU1 1UU	Product / System Designation: - SAFE OS Versions: - ICCS Server: Windows Server 2019 MCADI/SDS Client: Windows Server 2019 DCS Client: Windows Server 2022 Software Versions: DCS Adapter: 6.5.3 CADI Adapter: 7.2.2 SDS Adapter: 7.2.3	26 Aug 2026	26 Aug 2026

The Equipment was concession reviewed for connection to the Airwave Network Reference System configured as follows:

Airwave Network Software version: -	Motorola Dimetra Core: R9.0.2 & D10 DCS Builds: • CSR 914
Airwave/Customer Test Specification Title and Issue: -	Generic Remote MCC7500 DCS ICCS Conf Issue 1.3

The concession review conducted on the Equipment suggests that it will not adversely impact the Airwave Network (as configured in accordance with the above specifications) when connected and used. The review was limited to Conformance tests in accordance with the latest applicable specification and hence no specific functionality or performance of the product was considered unless specified below or in the test results.

Key Observation/Comments:

1. The SAAB ICCS solution for DCS was tested using the Airwave Customer Border Network because this is not part of the SAAB solution.
2. Testing was completed with a single SDR & MCADI connection.
3. The release prior to this update, as shown in the certificate issued 18th June 2025, was confidence tested by SAAB against DCS CSR#914 and Dimetra 10 core in the Airwave Reference System.
4. This certificate has been updated following a concession review and Airwave's approval of the changes implemented by SAAB, as defined in Impact Assessment document PSUK-IMP-RAD-1.6, dated 18th August 2026.

Disclaimer:

1. This conformance certificate does not indicate any security approval with respects to the operation of this hardware / software on the Airwave network.

It is the responsibility of the supplier and their customer (whether Airwave Solutions Ltd or 3rd party customer) to ensure the Airwave Accreditor's security requirements have been met before this hardware / software is deployed on the Airwave operational network. If this solution is deployed within the customer's security domain then the customers Accreditor / senior officer responsible for security must give their approval in line with the Airwave Service Code of Connection.

2. The issuing of this Connection Certificate is for information purposes only and Airwave makes no warranty representation (express or implied) or guarantee whatsoever as to the fitness for purpose of the Equipment or its ability to operate correctly when connected to the Airwave Network or any other network or equipment. Your use of the Equipment, connection of the Equipment to the Airwave Network and reliance on the contents of this Connection Certificate (for whatever purpose) is at your sole risk. To the fullest extent permitted by law, Airwave shall not be liable for any loss or damage (whether due to negligence or otherwise) arising in relation to the Equipment, its connection to the Airwave Network or any other network and/or your reliance on the content of this Connection Certificate.
