Airwave Network Connection Certificate

The following equipment (hereafter referred to as the "Equipment") has been tested at the Airwave Network Reference System for connection to the Airwave network.

Reference No: ALM 7880.	Manufacturer/Customer:	Versions:	Test Date:	Certificate Issue Date:
Supplier and Equipment Information	Standby RSG UK Ltd 19 Hollies Business Park Cannock WS11 1DB	Product / System Designation:- CARAT Tetra Radio Controller consisting of CMP300 V2 Vehicle Computer with CSDS Video Switch. Software Version: UK_5.5.17 OS Version: Yocto 4.0 (Kirkstone) Certified and Tested with TETRA Terminal Versions: 1) Sepura SRG3900 with V10.29-003 software. 2) Sepura SCG22 with SC5.3 software. 3) Sepura SRG3500W with V10.5-006 software. 4) Motorola MTM5400 with MR2022.4 software. 5) Motorola MXM600 with MR2024.1 software.	05 Nov 2024	15 Nov 2024

At the time the Equipment was tested the Airwave Network Reference System was configured as follows:

Airwave Network Software version: -	D7.1.2 / D9.0.2 / D9.2
Airwave/Customer Test Specification Title and Issue: -	Airwave Radio Connected Dispatch Console Generic Test Plan – Issue 1

CONNECTION TEST CERTIFICATE

	Mandatory Tests	Optional Tests	Drive Test	Additional Tests (See Notes)
Test Results	Pass	Pass	N/A	N/A

The testing conducted on the Equipment suggests that it will not adversely impact the Airwave Network when connected and used (as it had been configured and tested during certification in accordance with the above specifications). Test scope was limited to tests in accordance with the latest applicable specification and hence no specific functionality or performance of the product was tested unless specified below or in the test results.

Key Observation/Comments:

1. It was not possible to fully confirm Tetra Status Functionality during this Test Event.

Disclaimer:

1. This Conformance Certificate does not indicate any security approval with respects to the operation of this hardware / software on the Airwave network.

It is the responsibility of the supplier and their customer (whether Airwave Solutions Ltd or 3rd party customer) to ensure the Baseline security accreditation from the NCSC has been received before this hardware / software is deployed on the Airwave operational network. If this solution is deployed within the customer's security domain then the customers Accreditor / senior officer responsible for security must give their approval inline with the Airwave Service Code of Connection.

2. The issuing of this Connection Certificate is for information purposes only and Airwave makes no warranty representation (express or implied) or guarantee whatsoever as to the fitness for purpose of the Equipment or its ability to operate correctly when connected to the Airwave Network or any other network or equipment. Your use of the Equipment, connection of the Equipment to the Airwave Network and reliance on the contents of this Connection Certificate (for whatever purpose) is at your sole risk. To the fullest extent permitted by law, Airwave shall not be liable for any loss or damage (whether due to negligence or otherwise) arising in relation to the Equipment, its connection to the Airwave Network or any other network and/or your reliance on the content of this Connection Certificate.
